CHAT BOARD®

ELEMENTS

CHAT BOARD® Elements offers the same advantages and high quality as our Classic magnetic glass boards, in an updated design with a slightly simplified edge- and corner finish. The clean glass surface provides the perfect backdrop for visualising and communicating ideas and information in meeting-, education- or brainstorming sessions.

Elements is made with 4 mm tempered safety glass, in accordance with the highest quality standards, finished with smooth V edges and 90° corners. It comes in a total of 5 standard colours and 6 standard sizes, which can all be mounted both horizontally and vertically. In addition, Elements can be made to order in bespoke sizes, shapes and standard RAL and NCS glass colours.

Please contact our head office with any special requests: info@chat-board.dk

after work, see
you there!

ELEMENTS SURFACING

CHAT BOARD® Elements Surfacing provides the ideal solutions for converting larger wall spaces into creative surfaces on a grand scale. Combine up to 5 pieces of the 1000 x 2000 mm Elements board in the colour(s) of your choice to create personalised wall compositions that are an exact match for your specific requirements.

Elements Surfacing is composed of Elements boards made with 4 mm tempered safety glass, in accordance with the highest quality standards, finished with smooth V edges and 90° corners for an extra close fit. As a standard they are mounted vertically on the wall, but they can also be used horizontally if needed. The Elements Surfacing boards each measure 1000 x 2000 mm and they are available in 5 standard colours, which can be combined as desired. In addition, they can be made to order in bespoke standard RAL and NCS glass colours.

Please contact our head office with any special requests: info@chat-board.dk
