

ELEMENTS

embracing creative dialogue

CHAT BOARD® Elements offers the same advantages and high quality as our Classic magnetic glass boards, in an updated design with a slightly simplified edge- and corner finish. The clean, white glass surface provides the perfect backdrop for visualising and communicating ideas and information in meeting-, education- or brainstorming sessions.

Focusing on function and individuality, we have left out the standardised board accessories in the Elements collection, giving complete freedom to choose exactly the CHAT BOARD® pens, erasers etc. which will perfectly match the individual project and the specific needs of the end-user.

CHAT BOARD® Elements is made with 4 mm tempered safety glass, in accordance with the highest quality standards, finished with smooth V edges and 90° corners. The standard colour is Pure White and the Elements boards are available in 6 standard sizes, which can all be mounted both horizontally and vertically. In addition, it can be made to order in bespoke sizes, shapes and standard RAL and NCS glass colours.

Please contact our head office with any special requests: info@chat-board.dk
