

ELEMENTS

by CHAT BOARD

Elements

CHAT BOARD® Elements offers the same advantages and high quality as our Classic magnetic glass boards, in an updated design with a slightly simplified edge- and corner finish. The clean glass surface provides the perfect backdrop for visualising and communicating ideas and information in meeting-, education- or brainstorming sessions.

CHAT BOARD® Elements is made with 4 mm tempered safety glass, in accordance with the highest quality standards, finished with smooth V edges and 90° corners. It comes in a total of 5 standard colours and 6 standard sizes, which **can all be mounted both horizontally and vertically**. In addition, Elements can be made to order in bespoke sizes, shapes and standard RAL and NCS glass colours.

Please contact our head office with any special requests: info@chat-board.dk

Elements Surfacing^{NEW}

CHAT BOARD® Elements Surfacing provides the ideal solutions for converting larger wall spaces into creative surfaces on a grand scale. Combine up to 5 pieces of the 1000 x 2000 mm Elements board in the colour(s) of your choice to create personalised wall compositions that are an exact match for your specific requirements. See page 5 for more information.

Cradle to Cradle Certified™ is a certification mark licensed by the Cradle to Cradle Products Innovation Institute
