by CHAT BOARD

Mobile

CHAT BOARD® Mobile provides the ultimate, multi-purpose solution for the dynamic workplace. With its ingenious design, sturdy construction and ultra-stable, yet easily movable, steel base it is virtually impossible to overturn, meaning there is plenty of room to get carried away in the creative process. Besides boasting one of our signature writable, magnetic glass boards on the front, the Mobile can also be fitted with a sound-dampening BuzziFelt pin board, or an additional magnetic glass panel, on the back.

CHAT BOARD® Mobile is made with 4 mm tempered safety glass, in accordance with the highest quality standards, finished with smooth C-edges and 4 mm radius corners. It is available in 2 standard sizes and 25 standard glass colours. In addition, it can be made to order in bespoke standard RAL or NCS glass colours, as well as in alternative RAL base colours, besides the standard Signal White (RAL 9003) and Jet Black (RAL 9005).

Add a digital dimension to Mobile by including a TV bracket, preinstalled from the factory and ready for the LCD screen of your choice.

Please contact our head office with any special requests: info@chat-board.dk
