

CAVE & Sketch Board

embracing creative dialogue

CAVE & SKETCH BOARD

Designed by SALTO & SIGSGAARD, in accordance with the distinctive aesthetic guidelines of our signature boards, but in a handy, lightweight and user-friendly format, the CHAT BOARD® Sketch Board is the personal board for sketches, notes and ideas. In meetings or moments of contemplation, it is the ideal alternative to a sheet of paper, note pad or sticky label. The smooth surface is perfect for visualising thoughts and ideas, effortlessly correcting and erasing as needed.

At the end of a meeting or brainstorming session, it links individual ideas and notes with the bigger picture, as each personal board is clipped onto the larger team board. The timeless design is carried over into CAVE, the transport and display module which provides a secure home base for the glass boards. The streamlined design, clear functionality and tactile surfaces make CAVE, as well as Sketch Board, a true pleasure to use.

CHAT BOARD® CAVE is made with black stained ash, powder coated aluminium and steel (Jet Black RAL 9005), as well as BuzziFelt (100% recycled P.E.T. felt), in the choice of 5 different colours. The Sketch Boards are made with 4 mm tempered safety glass, in accordance with the highest quality standards, finished with smooth C-edges and 4 mm radius corners. They come in 25 standard glass colours and can also be made to order in bespoke standard RAL and NCS glass colours.

Please contact our head office with any special requests: info@chat-board.dk

Item no.	Product	Description	Dimensions	Weight
